## HAULWAY™ Scooter and Power Chair Lifts

Find the style that's perfect for you!

Your life has no limits with HAULWAY™ from EZ-ACCESS.

HAULWAY lifts allow you to transport your scooter or power chair on rear of your vehicle safely and efficiently.

With easy-to-use features, the HAULWAY lifts take the worry out of transporting your scooter or power chair – whether it be across town or on the highway. Each model is durable and dependable, and offers simple installation and easy operation.

### HAULWAY FEATURES

- Integrated suspension system that cushions your scooter or power chair on rough terrain
- Full boxed frame provides durable support for your mobility device
- Automatically folds up when not in use
- Automatic tilt feature keeps your mobility device safe at all times, even on steep inclines
- Adaptable to carry three- and four-wheeled scooters and most power chairs
- Adjustable to allow working distance of 10-19" from bottom of hitch to ground
- Attractive powder coated finish to protect from scratches
- Wiring kit and illuminated license plate holder included with all models
- Available options:
  - **Swingaway** allows full access to the vehicle's tailgate, rear door, cargo area, etc.
  - **Scooter/Power Chair Cover** is water resistant and provides protection from sun and dust
- Three-year manufacturer's limited warranty

Many automobile manufacturers offer rebates for adaptive equipment. To find out how your purchase of a HAULWAY lift may be eligible, please visit our website.

### HAULWAY Life

A lightweight and easy-to-use lift, the HAULWAY LITE is designed for small three- or four-wheeled scooters. A hold-down-arm and retractable ratchet tie-down system keep the scooter secure.

- Weight capacity of 175 pounds
- Fits scooters up to 22" wide x 43" long
- Weight of lift (without scooter) is approx. 90 pounds
- Use with class II or class III hitch

### HAULWAY Standard

The HAULWAY Standard is a versatile lift for medium to large three- and four-wheeled scooters and most power chairs. A hold-down arm and retractable ratchet tie-down system firmly secure the scooter to the lift.

- Weight capacity of 275 pounds
- Fits scooters up to 26.5" wide x 44.5" long
- Fits power chairs up to 26.75" wide x 32" long
- Weight of lift (without scooter) is approx. 100 pounds
- Use with class II or class III hitch\*

Optional equipment allows even more flexibility to the HAULWAY Standard, our most popular vehicle lift. Add-on trays increase the lift's versatility and can stand the test of time by providing options that change as needed.

### HAULWAY Heavy Duty

The HAULWAY HD is a heavy-duty lift for both scooters and power chairs. It features a durable and easy-to-use 4-point retractable ratchet system to ensure secure transport.

- Weight capacity of 350 pounds
- Fits mobility equipment up to 27" wide x 40" long
- Weight of lift (without scooter) is approx. 107 pounds
- Use with class II or class III hitch\*

\* Please consult your HAULWAY dealer to determine the best hitch and lift combinations for your needs.
